Coach's Corner

This week, we are going to discuss some self-care tips! Self-care is when you take time to do things that make your mind and body feel calm and happy. One way to demonstrate self-care is to take a break. You may have a lot going on in your life such as school, homework, chores, sports, or other activities or events. It can be helpful to try making your schedule lighter by taking a little break (if you can) from certain stressful activities and return to them when you're feeling better mentally and physically to give it your best.
